TOO MUCH HURRY

Auto Hit Bridge to Avoid Colliding with Buggy.

An auto dash for a Sunday night chicken dinner led to a narrow escape from death for Charlie Steele, former Yale athlete, Toledo, and Ralph Skinner of Cleveland.

To avoid hitting a horse and buggy, Steel crashed into the side of a bridge between Waterville and Maumee.

The touring car struck with such force that the machine bounded to the other side of the bridge, a complete wreck. The men were badly shaken up, but unbruised.—Times.

BOY STRUCK BY MOTORCYCLE.

Howard Harrod, a 6-year-old colored boy, was struck by a motorcycle Sunday afternoon. The accident occurred while he was playing on the River road, near his home, on the outskirts of Maumee.

The boy was knocked down and cut and bruised on the head and body. The driver of the motorcycle stopped and carried the little fellow to the side of the road. The driver gave his name as Bushman, and said he lived in Pemberville.

Soon after the accident Mrs. R. B. Crane and Miss Amy Brown of Toledo, arrived in an automobile, and took the boy to the Lucas County Children's home at Miami. After he had been attended by a physician the child was taken home.—Blade.

DRILLING FOR GAS.

John Moser, living about 2 miles south of Perrysburg on the Bowling Green road has commenced drilling for gas.

The work will be watched with much interest.

Sick Headache.

Mrs. A. L. Luckie, East Rochester, N. Y., was a victim of sick headache and despondency, caused by a badly weakened and debilitated condition of her stomach, when she began taking Chamberlain's Tablets. She says, "I found them pleasant to take, also mild and effective. In a few weeks' time I was restored to my former good health." For sale by all dealers.—Adv.

UNCLAIMED LETTERS.

John R. Wallen, Alex Williamson and Miss Frances Krupp.

EXCITING GAME

Perrysburg Defeated All Stars of Toledo on Sunday.

Perrysburg defeated the strong Toledo All Stars Sunday afternoon, 10 to 5.

The game was a pitchers battle up to the seventh inning, when the locals scoring three runs, gave them a lead the visitors could not overcome. Murphey pitched a hard game but his support was poor at times which kept him in the hole most of the game.

The features were the hitting of both teams; O'Ronki's home run; the base stealing of C. Reis and the sensational stop and play by F. Reis. Each pitcher had 13 strike outs and the fast team work made the game exciting:

1 2 3 4 5 6 7 8 9—R H E
A. St's. 1 0 0 1 1 1 0 0 1—5 8 3
P'burg. 1 0 1 0 2 3 2 x—10 14 3
Batteries—All Stars, Murphey and Weidinger. Perrysburg, Krebs and Mayo.

The strong Ohio Dairy team will be here next and a fast game is expected. Come out and root and enjoy a good ball game.

VILLAGE LEGISLATION

The regular meeting held April 28 was attended by all members, the Mayor and Clerk.

A plat of out lots No. 148, 173 and 174 owned by Fred and Anna Hillbrand was presented Council for acceptance as a special addition to the village plat. Necessary legislation was passed.

Capt. George P. Greenhalgh presented a plat of the north end of East Boundary street from Front street to the river where it passes between the property of W. S. Walbridge and Capt. Greenhalgh, showing a proposed parking of the street as a part of the property of Greenhalgh and Walbridge. Councilman Leydorf moved that the plat be accepted and that Capt. Greenhalgh and W. S. Walbridge be granted the use of the street for the purpose proposed. The motion was seconded by Muir and carried by unanimous vote.

Mr. Witzler moved that Front street be repaired. His motion was seconded by Muir and received a unanimous vote.

A special feature of amusement was presented by a delegation from Maumee consisting of two lawyers and two men who own property adjacent to "Green Lane" who desired to have Council refrain from drawing gravel from the property in the lane, declaring that further removal of gravel would damage their property. The assinine actions of the delegation furnished much amusement and gave members of Council an opportunity to indulge in a session of vaudeville, with the delegation from over the water as special performers.

ROLLER SKATING

Young and Old Enjoy the Exciting Pastime.

Perrysburg's splendid cement and stone sidewalks are being greatly enjoyed by young and old who are adding health and happiness to their lives by roller skating.

The splendid pastime is affording amusement at home, out in the open, in the company of everyday friends and acquaintances and is a healthful exercise.

The fad is spreading to all parts of the country, and thousands of young and old are getting real, clean enjoyment thereby.

Of course, it would be contrary to the usual run of things if anything of that kind should strike Perrysburg and not find somebody standing ready with his little axe to kill it.

There are murmurings and complaints. There are suggestions that special legislation be had by the Council prohibiting roller skating upon the sidewalks of Perrysburg.

Somebody is nervous! Somebody can't sleep at night! Somebody isn't happy and don't want anybody else to be happy! Somebody don't believe in fun and don't want anybody to have any fun! Somebody has sour whey instead of the sweet milk of human kindness in his soul and wants the joy of living taken from those who know how to laugh and be happy.

Why of course! Let us legislate away the right of youth to be happy; let us refuse admission to our village of anything but sorrow and decay. Let us erect a canopy over the town and prevent the beautiful sunshine from smiling on our village. Let us hush the merry laughter of the happy child; stop the singing of the birds; cut down the beautiful shrubs and flowers; refuse to permit the mother to sing to her baby because the sound is not always musical.

Yes, let us build a wall around the town and post a sentinel at the gate with strict orders that if Joy, Laughter, Smiles, Love, Peace and Good Will shall seek admission, they shall be destroyed or driven away.

Selah!

OVER THE RIVER

On Friday night last about 25 members of the Perrysburg Civic Association made a pilgrimage to Maumee where they were guests of the Maumee association. About 15 Rossford men were also present.

The glad hand was extended the visitors and they were made welcome.

President Hanson of the Maumee association extended a cordial welcome and then introduced Secretary Geo. J. Munger, who voiced the sentiment of the Perrysburg members in acknowledging thanks for the courtesy extended. He was followed by Mayor Finkbeiner who expressed his pleasure at being able to visit the neighbors across the river.

President Merrick of Rossford also complimented the Maumee association on their activity and returned thanks for the invitation to the Rossford delegation.

The president then introduced a Toledo man who had been imported for the purpose of making THE speech of the evening. The "big noise" continued for more than an hour while some of the visitors slept, others smoked, and all waited for the finale. The speaker, a gentleman of education and much ability, talked much, and left the impression that we should Continued on Eighth page.

SOME OBSERVATIONS

Concerning Nothing Very Serious But Worthy of Thought.

The old-fashioned method of settling political quarrels by the duel had at least the merit of saving a great deal of time for the criminal courts.

Turning swords into plowshares will seem a comparatively small matter when the time comes for turning fighting ships into merchant vessels.

Mexico has not been devoting any funds to long distance calls requesting Huerta to return and take charge of the country's affairs.

Italy is waiting to see what effect an announcement of full preparedness for war will have in promoting a prosperous peace.

Any date within six months or so that war experts may set for the beginning of peace will be regarded by the public as hopeful.

Without insinuating anything, one may say that Britain would be pleased to get to Constantinople as soon as Russia or sooner.

"I take off my hat to Philadelphia," says Billy Sunday. Billy also passed it around to a good advantage.

At the present rate of ocean travel some steamships will soon be advertising for passengers as ballast.
